

Controlling Board Request DOT0105317

The following two projects include the demolition of existing facility structures that are past their useful life. The replacement structures will meet current building code requirements and serve the traveling public and trucking industry.

#1 Madison Rest Area - Agreement No. DOT-230016 in the amount of \$21,417,943.18

DOT-230016 Madison Rest Area Renovation – I-70 EB @ Mile 70.67, Madison, Ohio 44057. Demolition of existing structures to accommodate new construction, removal/repairs and/or replacement of existing sidewalks, including new sidewalks, and incorporate landscaping and graphics per the prototype standards. Coordination with utilities and vehicular improvements as needed.

Total compensation for the DOT-230016 agreement shall not exceed \$22,463,553.24. The estimated construction cost for this Agreement is \$1,045,610.06. Prus Construction Company, Inc. has proposed a 7.5% EDGE participation for this project.

#2 Miami Rest Area Renovation - Agreement No. DOT-230018 in the amount of \$21,336,643.61

DOT-230018 Miami Rest Area Renovation – I-75 NB @ Mile 80.47, Miami, Ohio 45601. Demolition of existing structures to accommodate new construction, removal/repairs and/or replacement of existing sidewalks, including new sidewalks, and incorporate landscaping and graphics per the prototype standards. Coordination with utilities and vehicular improvements as needed.

Total compensation for the DOT-230018 agreement shall not exceed \$22,378,019.79. The estimated construction cost for this Agreement is \$1,041,376.18. Prus Construction Company, Inc. has proposed a 12.1% EDGE participation for this project.
