Chemistry and Hematology

VETSCAN VS2

VETSCAN VS2 Chemistry Analyzer

The VETSCAN VS2 is an easy-to-use chemistry analyzer based on rotor technology, with a highly sophisticated intelligent Quality Control (iQC) system that ensures the reliability of every test. Compact, with an expansive menu that includes chemistry, electrolytes, and acid-base and immunoassay tests, the VETSCAN VS2 is indispensable for chemistry results in your veterinary clinic.

Chemistry and Hematology

VETSCAN HM5

VETSCAN HM5 Hematology Analyzer

The VETSCAN HM5 is a fully automated, 5-part differential hematology analyzer displaying a comprehensive 22-parameter complete blood count (CBC) with cellular histograms on an easy-to-read touch screen in less than 4 minutes, for several species including dogs, cats, and horses. Based on impedance technology, the VETSCAN HM5 supports 15 species and provides direct eosinophil counts that can save valuable time when it comes to allergic and parasitic diagnoses at the point of care. Its reliable performance, elegant design, ease of use, and minimal maintenance with automated reminders make it the optimal veterinary hematology system.

Handhelds

Stablelab®

Stablelab EQ-1 Handheld Reader

Stablelab EQ-1 Handheld Reader is an analyzer that quantifies equine Serum Amyloid A (SAA) in whole blood, serum and plasma. SAA is a major, acute phase protein produced by the liver that rapidly and dramatically increases in response to inflammation caused by infection.¹ **Stablelab** provides stall-side results in 10 minutes.

Coagulation

VETSCAN VSpro

VETSCAN VSpro Coagulation Analyzer

The VETSCAN VSpro is an easy-to-use coagulation analyzer enabling canine and feline PT (prothrombin time) and aPTT (activated partial thromboplastin time) testing and equine fibrinogen testing. With an incredibly simple and intuitive user interface, it enables you to enhance your clinic's capabilities and obtain important information on-site within minutes, especially valuable for pre-anesthetic and emergency cases.

Reproduction Services

Zoetis Reproduction Services offer long-term storage of canine and equine frozen semen providing state-of-the-art protection of prized genetic samples and has over 25 years of experience shipping these samples domestically and internationally. Zoetis offers comprehensive training to veterinarians in our proprietary protocols to collect and freeze semen for long-term storage in our Zoetis Freeze Center network. To learn more, please reach out to 800-228-4305 or ZoetisUS.com/ReproductionServices.

Zoetis Diagnostics

Zoetis Diagnostics is your partner in providing individualized medicine. Because innovative VETSCAN point-of-care products, a first-in class Virtual Laboratory featuring expert consultations, and best-in-class Reference Laboratories help you see solutions more clearly.

Virtual Laboratory by Zoetis

Specialist Support that Elevates Care – Virtual Laboratory by Zoetis is an integrated suite of products and services bringing specialist-level medicine directly to the clinic. By connecting and interpreting information from artificial intelligence (AI) technology, veterinary specialists and diagnostic instruments, the Virtual Laboratory delivers diagnostic insights to elevate patient care.

- Reliable Expert Access: A global network of specialists, built for complementary collaboration.
- Fast Results: Transforming turnaround times from days to hours or minutes.
- Interconnected Diagnostics: An integrated portfolio of digital offerings can deliver better outcomes.

Zoetis Reference Laboratories

Zoetis offers a national network of veterinary reference laboratories, giving you even more diagnostic options for your patients. We promise you transparency – with no additional monthly fees, no minimum spends, and clear pricing. With OptimizeDx®, our revolutionary subscription pricing program, we partner with you to customize and grow your diagnostics business by offering all your reference lab testing at one fixed monthly cost. Zoetisreflabs.com

ZoetisDx Connectivity Solution

ZoetisDx is a connectivity solution for veterinary practices that makes it easy to view and share patient results, driving informative insights and productive pet owner conversations. All of your Zoetis diagnostic modalities and Zoetis Reference Lab results, conveniently located in one place, can be viewed anywhere, anytime, and on any device. www.ZoetisDx.com

Policies

Free Shipping Policy

Prepaid shipping applies on orders of Zoetis petcare products; however, additional charges may apply when premium delivery options are requested.

Merchandise Returned to Zoetis

Zoetis products purchased directly from Zoetis may be returned for credit based on the current Zoetis Return Goods Price List provided it is not outside the defined return window. Other requirements apply, as stated below.

Return for Credit

Merchandise may be returned for 85% credit up to 90 days after the expiration date. Product must be in the original container and bearing the original label.

Product will not be credited in quantities less than the original package unit. Definition of a package unit, unless otherwise noted, is dose, bottle, tube, or salable package quantity.

Please contact Zoetis Customer Service at **1-888-ZOETIS1 (963-8471)** for more information and assistance with your return.

Rotor Credit Performance Guarantee

Zoetis guarantees the reliability of all VETSCAN VS2 chemistry profiles. Zoetis will provide an individual Rotor Credit for each rotor failure or anomaly reported within 30 days. Redeem 12 Rotor Credits for a no-charge 12-pack box of any VETSCAN VS2 chemistry profile of choice. Expires 90 days after redemption notification is sent. The [Rotor Credit Performance Guarantee](#) does not include cancellations or assay suppressions due to improper rotor storage or operator error.

VETSCAN® VS2 customers actively integrated to FUSE may be eligible to automatically receive a rotor credit for any rotor that fails due to a defect in the rotor. For eligibility and details, please contact Diagnostic Technical Support at 1-888-963-8471 option 5.

To submit a Rotor Credit request, contact Diagnostic Technical Support at 1-888-963-8471 option 5 or visit [ZoetisUS.com/vs2rotorcredits](https://zoetis.com/vs2rotorcredits).

Breakage, Shortage, and Shipping Errors

Order and shipping errors including shipping damages must be reported to Zoetis within 30 business days after receipt of merchandise. Claims received after this time frame will not be considered for credit. When possible, please alert the shipping carrier to any obvious shipping damages when signing for the shipment. Products meeting the criteria will be matched to the original invoice and credited at full invoice price.

Only products purchased directly from Zoetis may be returned to Zoetis. Products sold on a non-returnable basis are not eligible for credit.

Sales Policy

Customer agrees to adhere to the Zoetis Sales Policy, which prohibits the resale of products through any unauthorized subdistribution channels.

Zoetis reserves the right to change pricing and policy at its discretion.
