ID	1452	Status	Approved	Requested Date	1/17/2023
Label		2023 Peterbilt Test Truck with Test Cart			
Request Type		Request for Sourcing			
Type of Purchase		Fleet			
Commodity		24101624 - Hydraulic truck cranes			
Description of Request					
The Ohio Department of Agriculture's Division of Weights and Measures is responsible for testing all vehicle scales and livestock scales throughout Ohio. We utilize heavy-duty specialized trucks to transport the equipment needed for this testing. The age and condition of our current equipment is limiting our ability to complete this statutory responsibility and posing a potential safety issue for our field staff who operate this equipment. These trucks carry 25,000 pounds of certified weights, including a motorized 5,000 lb test cart, which are loaded and unloaded by a specialized hydraulic crane / trolley system.					
Is there an existing DAS contract for similar items/services?					
No					
Date on which you will need this purchase?		Estimated Amount			
1/25/2023		332,756.000
