

October 29, 2024

To Whom It May Concern,

We hereby confirm that Thermo Fisher Scientific™ is the sole source provider/manufacturer of the Thermo Scientific™ Dionex™ Integrion™ HPIC system.

The Dionex Integrion is an instrument that is utilized for the non-diagnostic separation and detection of analytes within environmental, food and beverage, industrial, pharmaceutical, and many other sample types. Further documentation describing the unique specifications of the Dionex Integrion can be found in our documentation and user manuals, which are available online and upon request.

Thermo Fisher Scientific greatly values our customers and if you have any questions on these products, please contact your local Thermo Fisher Scientific sales representative.

Sincerely,

David G. Moore

Sr. Product Manager, Ion Chromatography and Sample Preparation

Thermo Fisher Scientific
