Brandon – if the line item of the fee you are looking for is for billing purposes, this additional fee will all be billed together as “Amendment #1-re-bid”. Our re-bid efforts include re-running the ad, revising drawings & specs as required for re-bid, attending a pre-bid meeting, and resubmitting to the state for plan review – but again, we won’t be billing these individual tasks separately.

Jon, the fee amendment of \$5,000 is agreeable. I would suggest billing from your current pot of money if needed until we can get to the controlling board...can you send me a line item of the fees and we'll start to process the amendment...we'll have the \$5k tacked onto the project asap.

The hospital has secured temporary cooling, so we should be good for this cooling season.
