### Overview of Institutions Purchasing Process

Clark State's purchasing policy states that purchases of \$50,000 or more require a formal invitation to bid: items pre-bid (i.e. by the State of Ohio, the IUC purchasing group, GSA, etc.) may be exempt from bidding; and that construction services (renovation/new construction) must follow the competitive bid limit requirements of Chapter 3354.16 of the Ohio Revised Code.

### Describe Efforts to Encourage Participation of Minority & Disadvantaged Firms in Purchasing Process

A list of vendors including minority and disadvantaged firms are kept on file. During the procurement process, these firms are given an opportunity to provide pricing.
